You have been identified as a *possible candidate* for the OVI Docket. The OVI Docket is a one year intensive supervision program for multiple OVI offenders. Participants will be given the mandatory minimum jail term upon pleading guilty to the OVI. Please review this document and contact me if interested in obtaining more information. I advise you to inform your attorney of the OVI Docket as an option to settle your case.

DISQUALIFICATION FACTORS

Not every offender will be eligible to participate in the Docket, even if the offender meets the legal and clinical criteria. The following items are disqualification factors to be considered:

- Significant mental illness
- History of violent offenses
- Pending felony charges
- Previous prison and/or parole history
- Currently on post release control or felony supervision
- Significant drug related charges
- Highly resistant to changing behavior in spite of previous interventions and/or punishments
- Lack of transportation
- Receiving Developmental Disability services or eligible for such services
- Transient residency, or temporary or unstable housing
- Lives outside of Delaware County

LEGAL ELIGIBILITY CRITERIA

- At least one prior OVI conviction within the last twenty (20) years: or
- A prior record of at least one(1)other non-OVI misdemeanor conviction in which the underlying act was the result of the use or abuse of alcohol and/or drugs as defined in Ohio Revised Code 3917.011(A); or
- Is already on Community Control and subject to a Community Control Violation for the use or abuse of alcohol and/or drugs.
- The offender has legal counsel;
- The offender may be appropriately treated in the community and is receptive to treatment for alcohol/substance abuse/addiction;
- The offender does not pose a significant risk of harm to court staff, treatment providers, or other persons working with the docket.

CLINICAL ELIGIBILITY CRITERIA

The offender must have a diagnosis of substance use disorder as defined in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5) and subsequent revisions.
